

## Early Years News 24

Dear Parents and Carers,

We have come to the end of our Growing topic. Nursery children did a great job planting our vegetable seedlings in the raised bed. We have also planted some beans and we are looking forward to watching them develop. All children will continue to be involved in caring for the plants as they grow so we will keep you posted.

Next week we will be starting our new topic about animals in readiness for our Tatton Farm Trip. The topic is called 'Can I keep a lion as a pet?' We will also begin working exploring the book, 'Dear Zoo' .Please see the linked homework task below. We had another trip to the library this week and nearly all children were supported to bring in their books. Thank you, they love our library visits.

### **General reminders**

Thank you to all those who have caught up with snack money. There is still some outstanding, please check with us if you're not sure – sorry I know it's not always easy for Reception parents!

In sunny weather, children need sun protection cream applying before school and they also need to be supplied with a named sun hat every day please.

**\*\*\* Please return completed trip letters as soon as possible, thanks.**

Please join us and support our school and take part in the carnival. There are costumes to borrow if you would like to.

Thank you

### **Nursery reminders and homework tasks**

Have a look in books or pictures online to find out an interesting fact about one of the following animals; monkey, lion, camel, snake, frog or elephant. Could an adult write down the fact you find out and we will share it with the class and add it to our class display.

Thank you

### **Reception reminders and homework tasks**

Well done to all those completing homework again. Please help you r child to catch up with any incomplete **a** or **c** pages. This week please could you support them to complete all of the **d** pages. Please send in to school by Friday for marking and a star on each child's chart. Additionally please help them to find out an interesting fact about **one** of the following animals; monkey, lion, camel, snake, frog or elephant. They could draw a picture showing what they found or write it down or an adult could write it for them and we will add it to the posters on our display.

Thank you

Enjoy the holiday! Mrs Davison, Mrs Shuker, and Mrs Swindells
